Membership Information on Page 6
Welcome to our catalog!

We’ve had great success in reaching hoteliers interested in being green. In 20+ years, hoteliers have purchased hundreds of thousands of towel-rack hangers and sheet-changing cards and joined our association from the US, Canada, Central and South America, Europe, Asia and all over the world.

From B&Bs to Submarines: We’ve had many repeat orders, word-of-mouth referrals and lots of response to magazine and media publicity. Chain properties from Adam’s Mark to Wyndham are purchasing. B&Bs, inns, motels, hotels, city parks, state parks, military locations, elegant hotels, resorts, business hotels, condos, apartments, military locations and a submarine company have all purchased.

Guests Want to Participate: According to AHLA’s Lodging magazine regarding using our towel and sheet cards, Ron Berger, general manager of the Sheraton Rancho Cordova in Rancho Cordova, CA, reported that the cards afforded the property a 5% drop in utility costs. The Radisson Arrowwood’s general manager told the St. Paul Press that at least 70% of their guests participate. Ask your guests to help protect your beautiful destination by using the cards shown to the right.

Memberships Available: Information on our memberships is found on Page 6 as well as in our membership brochure. We give our members all the information we can gather in our “Guidelines and Ideas” and more in-depth information in our bi-monthly newsletter. We also help members bring new business to their doors because they are green. GHA has experienced incredible media attention as a result of our press releases and website. Jump aboard this environmental bandwagon and fly our beautiful kelly green member flag over your property NOW.

I believe you will find some items or ideas in this catalog that will help your property conserve. Every tiny little thing we each do will make a difference. Shut off a running faucet, pick up a piece of litter, share a newspaper or this catalog—but DO something! You will truly MAKE A DIFFERENCE!

SINK AERATOR
Easiest, surest and simplest water conservation item available. Injects air into water stream. Equipped with dual-thread system to accommodate male (15/16x27OD) and female (55/64x27ID) applications.

Item 21617: 1.5 gpm - Each $5 - $0.78 ea

KITCHEN AERATOR WITH SWIVEL AND DUAL SETTING
You’ll like this kitchen-sink aerator. It switches from a steady stream to a powerful spray with a quick tug. It uses only 2.2 gpm at 80 psi, yet flow and water pressure feel like twice as much. Dual connection accommodates male (15/16x27OD) and female (55/64x27ID) threads.

Item 21114: Each...$6 - $4.80 ea
Ask about volume pricing.

WATER WAYS
✓ A single quart of oil on the ground can seep in and pollute 250,000 gallons of drinking water.
✓ Pouring oil down a storm sewer is the same as pouring it directly into a stream or river.
✓ A faucet with a slow steady leak (100 drops a minute) will waste 350 gallons of water a month. A fast stream will leak 4,600 gallons of water in a month.
✓ Warm a wet cleanup cloth for baby in the microwave for 7 seconds rather than running gallons of water until it’s warm.

KITCHEN SPRITZER
This aerator has everything—aerated jet, wide spray, swivel action and fingertip control to restrict flow. It uses only 2.5 gpm at 80 psi, yet flow and water pressure feel like twice as much. Dual connection accommodates male (15/16x27OD) and female (55/64x27ID) threads. Ask for volume pricing.

Item 21115: Each...$7.80 - $6.20 ea

SHOWER WATER LOSS TIP
If the shower is turned on and water is coming from the bathtub spout as well as from the shower head, then the tub diverter, the diverter gasket or the whole mechanism should be replaced immediately. Water lost in this manner is totally wasted, and you’re paying for the water, energy to heat the water and wastewater treatment as well. This is a common problem in older properties and should be corrected without delay.

TOILET FLAPPER, Universal Fit
The toilet flapper with chain and hook is molded of durable material. Readily fits most conventional flush valves, stops costly leaks and provides long-lasting service.

Item 21516: $2.50 ea

FRUGAL FLAPPER
An early-closing device. Water enters a hole in the end cap and forces air out of the bleed hole. When filled with water the flapper closes over the tank outlet. 5 end-cap adjustments to optimize water savings and deliver a complete flush.

Item 21415: Each...$4.50 12...$4.25 ea 144...$4 ea

TOILET TANK FILL DIVERTER
Place on end of hose and over lip of overflow tube inside toilet tank. Diverts 50% of flush cycle water into the tank. Water in bowl is reduced. Flush cycle not affected. Invisible to guests. Blue molded plastic. 2”x1” Not for 1.6 gpf toilets.

Item 21721: Each...$1.44 100...$1.20 ea 500...96¢ ea

ADJUSTABLE TOILET TANK REPAIR VALVE
Stainless steel and Celcon plastic parts resist corrosion. Fits most toilet tanks. Anti-siphon design prevents contamination of fresh water supply. Valve height and water level adjust for correct fit and most efficient flush level.

Item 21214: $7.65 ea

LEAK DETECTOR DYE TABLETS
Detects leaks in large or small toilets. Darker color for fast and easy detection. 2 per package

Item 22001: 70¢/pkg
MASSAGING SHOWERHEAD
Substantial showerhead offers superior 9-jet turbo massage. Full spray pattern. Outside adjustment for gentle to forceful spray. Self-cleaning. On/off trickle feature. Available in LOW FLOW 1.5, 1.75, 2.0 and 2.5 gpm flow rates at 80/PSI. White thermo plastic body. Chrome-plated brass coupling. Tamper-proof flow compensator. 1/2" NPT threads. 2-1/2"x3-3/4".  
Item 21621: Each...$7.60 12...$6.90 ea 50...$6.20 ea

LOW-FLOW PRE-RINSE SPRAY VALVE
Low-flow (1.28 gpm @ 60PSI) solid brass, triple chrome-plated sprayer body w/ anti-corrosive stainless-steel nozzle for restaurant kitchens. Up to 80% water-use reduction. High performance and incredible hot water. Standard protective, full-surrounding dish guard bumper. All repairs are easy with standard gaskets. Interchangeable with all brands. 10-year warranty.  
Item 21624: Each...$60

SNOWSCOOP
It wheels away snow faster, easier and quieter than any shovel! The Snowscoop is 56" long, 24" wide and has a 4" diameter wheel on the back that allows it to roll smoothly over any surface, easily carrying large amounts of snow to the side. The patented non-marking wheel is rated at 250 lbs.  
✓ Moves snow 3 to 5 times faster than a shovel.  
✓ Lightweight and easy to use.  
✓ Safe: No blades, no gas, no electricity.  
✓ Durable, affordable and made in the USA.  
Material, Weight, Color: Durable polyethylene plastic, 17 lbs., orange  
Item 75001: Snowscoop $70 + $15 S&H = $85  
Item 75002: Snowscoop + one replaceable protector blade $78 + $15 S&H = $93

ICE MELT
✓ Non-Toxic and Biodegradable  
✓ Won’t harm lawns, vegetation, hardscapes or cured concrete when used as directed  
✓Requires 2/3s less product than rock salt  
✓Safer for pets  
✓Meets US Green Building LEED Guidelines  
Ice Melt consists of a unique blend of sodium chloride, calcium chloride, potassium chloride and magnesium chloride with a coating of liquid calcium magnesium acetate (CMA), and an organic dye. Its angular shape allows more surface contact resulting in maximum melting performance. It’s green color also helps avoid over application.  
Melts ice fast and works to -12°F. Leaves no greasy residue to track in and damage floors. Less waste using hand-held or push fertilizer spreader.  
Item 72001: 9 lb. jug $13 ea. Case of six jars...$72  
Item 72002: 20 lb. bag $12 ea. Pallet of 100 bags...$1,200  
Item 72003: 50 lb. bag $20 ea. Pallet of 40 bags...$800  
Shipping varies with your location, quantity and weight of order. Call 713/789-8889 for shipping cost.

MICROFIBER CLEANING CLOTHS

Use without cleaning chemicals!

What are microfiber cleaning cloths? Microfiber cleaning cloths are made of polyester, nylon or polyamide strands that are many times finer than a human hair. Fibers are actually wedge-shaped so their edges can cut through and move soil off an object.

Non-abrasive, and can be used without chemicals—with hot or cold water alone. Great on glass, metal fixtures, drinking fountains, marker boards, sinks, counters, windows, chrome, brass, walls, computer and television screens, appliances and stain removal on carpet and floors.

- Excellent durability - Last 600 to 1,000 washings
- Even wipes away bacteria
- Soft to the touch and to the surface
- 16”x16” with hemmed edges, Green, blue, pink or yellow
